

Lansallos Spring 2 - Home Learning Outcomes

DT – Spring 1	
DT – Cooking and Nutrition	
Investigate and report	Get cooking!
Seasonal food – what is in season during the spring, what fruit and vegetables are local to where we live?	Make a starter using seasonal vegetables Or a dessert using seasonal fruit

PE – Spring 1	
Cricket and Tennis	
Getting active	Doing some research
Can you throw and catch a ball in the air to the tune of heads shoulders knees and toes – doing the actions whilst throwing!	Inspirational cricket players or tennis players

Science – Spring 2	
Sound	
Subject Knowledge	Scientific Skill:
What do you know about our ears? Draw or make a cross section of an ear	Investigate how sound travels, how can you 'see' the vibrations?

PSHE – Spring 2	
Rights and responsibilities	
Yr3 – Charities	Yr4 – Our environment
Comic relief is this half term, how do they support local communities, is there a project you think they should undertake here?	There are many national and international environmental organisations: that help take care of the environment in some way. Research one that means something to you, explain why you have chosen it

RE- Spring 2	
Christianity	
Easter	Easter traditions
The Easter story, create a poster or a small booklet explaining the key events of the Easter story.	Why do we celebrate with eggs? Where, why and how did this tradition start

Music – Spring 2	
Feelings through Music	
Frère Jacques	Other side of the moon
We will be learning to sing this song in a round. What does that mean? Are there any other songs that are sung in this way?	One of the songs we will sing is called 'The Other Side of the Moon' Write your own song about space and the moon.

Computing – Spring 1	
Coding – both links are in Google Classroom	
Yr 3 MicroBits	Yr4 Repetition in shapes
Use makecode.microbit.org to consolidate your learning	Use turtleacademy.com/playground To consolidate your learning

Geography – Spring 2	
The Gallapagos Islands	
Be like Darwin	Key people and events
Map out the voyages undertaken, how would you travel to the island today?	Charles Darwin is famous for his work on the Gallapagos island, what can you find out about his time there?

Spanish - Spring 2	
Family, pets and the alphabet	
Draw and label (in Spanish) your family, include any pets you have too!	
Challenge yourself to learn to say the Spanish Alphabet, remember the letters look the same, but are pronounced differently
