Personal, Social and Emotional Development	Growing and Changing Seasons Children will be able to: Name the different seasons and describe their differences. Explain the changes that occur as seasons change. Talk about how they have grown in resilience. Children to draw and object to represent each season Go for a season walk and talk about what they see	Growing and Changing Life stages plants animals and humans Children will be able to: To understand that animals and humans change in appearance over time. Use relevant vocabulary such as egg, seed, baby, grow, change, old, young (and the names for young animals). Make observations and ask questions about living things. Create a life cycle Children to grow runner beans on the window	Growing and Changing Life stages – Humans who will I be? Children will be able to: Retell a story and respond to questions about it. Use the language and describe the different life stages of: baby, child, teenager, adult, older age. Talk about their own experience of growing up. Can the children sort the different life stages in into order	Growing and Changing Where do babies come from? Children will be able to: Explain that a baby is made by a woman and a man, and grows inside a mother's tummy. Understand that every family is different. Talk about similarities and differences between themselves and others.	Growing and Changing Getting Bigger Children will be able to: Talk about how they have changed as they have grown. Explain the differences between babies, children, and adults. Understand that we are all unique. Discuss with the children how they have changed sine they were a baby, use timeline as a reference point. Compare sizes, hands, feet height ect	Growing and Changing Me and My Body Boys and Girls Children will be able to: Name parts of the body (including reproductive parts) using the correct vocabulary. Explain which parts of their body are kept private and safe and why. Tell or ask an appropriate adult for help if they feel unsafe. Provide different toys and images of children (try to get pictures of them dressed in a variety of 'girls', 'boys' and gender neutral clothes. The children could match a toy with a child or just discuss. Use this opportunity to challenge gender stereotypes.

We Thinkers- Social Thinking Theory

Book 1 Thoughts and feelinas

Introduce the characters and read the book

Book 1 Thoughts and feelinas

Teaching Moments Page 7 Dice Roll: What Can Your Body Do? Before beginning this activity, show your students the pictures on the dice of the various body parts.

Book 1 Thoughts and feelinas

Page 13 Music Activity. "Where You Think a Thought" (Track 1) • Hand out thought bubble props to all children. • Before starting the music, tell your group they will be listening for the word "thought." When they hear this word, they can hold the thought bubble props above their heads. • Page 15 Point out how every character in the story is thinking about the game and thinking about the other kids while they are together.

Book 1 Thoughts and feelinas

I'm Thinking of Something...Find It Game To begin, everyone stands up. Hold your thought bubble prop above your head. Place a colored square in the thought bubble and say to the group, "I'm thinking of something (red)." Tell your students to find something (red) and touch it with their hand. For example, one child might touch a red chair. another a red ball. More than one child can

touch the same

item. When

everyone is

touching a (red)

item say, "We are

all thinking about

something (red)!"

Continue the

Book 1 Thoughts and feelings

Page 16 Ask vour students: "What other names for feelings do you know besides happy, sad, mad, and scared?" Page 20 Discuss the different characters, point to their hearts, and the associated feelings in each character.

Book 1 Thoughts and feelinas

Pages 22-25 As you read these pages, use props to act out the scene. Blow bubbles, make a spider puppet or toy crawl around, rip a page of artwork in half, and drop a scoop of tov ice cream on the ground. At each page, ask your students to imagine how they would feel in the situation. Stop and Do Stop and Notice Stop and Do Stop and Discuss Stop and Notice Stop and Do 2 We Thinkers! e remembering what the different emotions look like, copy pages from the story,

Physical Development	Ball Skills – Feet The focus of learning is to explore different ways of using our feet to move with a ball. Pupils will explore what happens when they kick a ball using different parts of their feet. Pupils will begin to understand how we control a	Ball Skills – Feet The focus of learning is to develop using our feet to move with a ball. Pupils will learn the meaning of the word control and start to understand why it is important to keep the ball close to them.	Ball Skills – Feet The focus of learning is to develop dribbling using our feet to move with a ball. Pupils will develop their technique of dribbling the ball and understand why this is the most effective way to dribble, keeping control.	game with a new color. Ball Skills – Feet The focus of learning is to teach pupils to understand where to dribble and why. Pupils will continue to develop their technique of dribbling the ball.	Ball Skills – Feet The focus of learning is to continue to explore moving with a ball. Pupils will continue to develop dribbling skills and their understanding of dribbling a ball.	use expression/emot ion charts or pictures from magazines, etc. and post nearby as a reference during the song. Ball Skills – Feet The focus of learning is to develop pupils' kicking and dribbling skills during competitions. Pupils will learn how to collaborate and work together with their partner and in small groups.
Physical development	ball. Gymnastics Moving The focus of the learning is to introduce 'champion gymnastics' by moving and making shapes using different body parts.	Gymnastics Moving The focus of the learning is to introduce 'champion gymnastics' by moving in different directions.	Gymnastics Moving The focus of the learning is to apply 'champion gymnastics' exploring how to move using big and small movements using the apparatus. tics	Gymnastics Moving The focus of the learning is to apply 'champion gymnastics' exploring movements in a pair on the floor and on apparatus.	Gymnastics Moving The focus of the learning is to apply 'champion gymnastics' exploring shapes in pairs on the floor and on apparatus.	Gymnastics Moving The focus of the learning is to apply 'champion gymnastics,' exploring movements and shapes in different ways, transitioning

which stories they
like and their
justification for it.
Week 1 – look at
stories in the Bible
which stories do
the children
know.

Week 2 - Create Arks

they like and their justification for it.

Week 3 - Re- cap on the previous story and think about how Noah was kind saving all the creatures.

Week 4 - Re-cap on the story of Zacchaeus and how he was unkind but then changed his ways. Read the story of the ten leppers think about what happened in the story and ten lepers teaches about saying 'thank you', and why it is good to thank and be thanked.

Children can then create hand pictures showing the one thankful person.. Creation Story.
Pupils will
develop their
own opinion of
which stories
they like and
their justification
for it.

Week 5 - Recap on the story of Zacchaeus, introduce the story of Hanukkah and what the Hanukah story teaches Jews about standing up for what is right.

Pupils can then create their own Menorah's.

Pupils will
develop an
understanding
of which stories
are special and
why, for
example; The
Creation Story.
Pupils will
develop their
own opinion of
which stories
they like and
their justification
for it.

Week 6 - Recap on the previous learning. Talk about the different stories. Read the story Prophet Muhammad and how the boy threw stones at the tree.

Identify some of their own feelings in the stories they hear.

Create tree pictures whilst listening to thought

Expressive Arts and Design	Skill - Creating vehicles – split pins, moving parts, connecting, Create a rocket and use split pins to attach the rocket flames Pupils to use EE resources during COOL time to create their own creations.	Skill- To use a range of tools competently. Create a slit in the paper so their rocket can slide back and forth to the moon Pupils to use EE resources during COOL time to create their own creations.	Skill – Joining materials competently Cut out dinosaurs and join limbs using split pins so that they move.	Skill – use their artistic designs to develop story lines in their pretend play Cut triangles and attach materials independently.	Skill – To use fine motor skills to manipulate materials Rip, tear and scrunch paper to create an animal design.	skill – manipulate materials and create meanigful marks Use cotton buds to create skeletons and salt dough to create fossils
