

## Step Away from the 'NO' Word!

### Avoid

No, you can't have it

No you can't do it

No, not that one

Don't play ball inside

Don't speak to me like that!

No going out until your homework is done

No climbing on the furniture

No, you can't have sweets

Don't put things in the trolley

No arguing with your sister

No, that isn't good enough

Don't do it like that

Don't leave your toys out

No more TV

No, you can't stay up

No more crisps

No eating with your fingers

No messing around when sleep time

Don't leave your school stuff on the floor

No pushing each other in the queue

Don't keep me waiting again!

No snatching

No football today

### Use

You can have it after tea

We can do it at the weekend

Choose between these two

Ball games in the garden please

I will listen when you speak nicely

First homework, Then free time

Playing on the floor please

Sweets on Friday's only

Only things on the list, for trolley please

I need you two to play nicely

I know you can do a good job, try again

The best way is to do it like this

First toys away, then we'll go to the park

You know the rules – one hour of TV

Bedtime is 7.30

Only one bag of crisps, banana or raisins?

Remember your knife and fork please

Settle down nicely please, time for sleep

Pack your school bag please, ready for tomorrow

Please stand nicely while you are waiting

It would be great if you were super-speedy today

Please share nicely with your brother

I bet you're looking forward to football on Saturday
