

Year 2 Summer Term 2 Home learning outcomes

DT	
Textiles- Recycled materials	
Make your own item using recycled materials.	Research a sculpture made out of other materials, recycled or natural items (stones).

Books we will be reading		
		

PE	
Sports Day	Rackets, bats and balls
Practise sports day activities- share pictures with us.	Can you keep a tennis ball in the air with a racket?

Topic	
Seaside holidays	
History	Geography
Find out about holidays in the past- interview someone in your family about their childhood holidays.	Where have you been on holiday or day trip? Can you create a map to show where you have visited.

RE	
Sacred Places in Cornwall	
Visit a local church- can you find any special Celtic links- look for Celtic knots on buildings, in pictures or as part of headstones.	Find out about a Cornish place with links to local saints, perhaps St Stephen, St Agnes, St Piran, St Austell or St Mawes.

Science	
Enquiry	
Knowledge	Investigations
Find out about a famous scientist. You could find a 'Little People, Big Dream' book about a scientist or inventor.	Plan and carry out a science investigation at home, perhaps about plants, materials or animals.

PSHE
Growing and Changing
Create a poster to show how you have grown up and the skills you learnt at different stages from baby, to toddler to young child.

Computing	
Coding	
Explore a coding app. Try: Scratch Daisy the Dinosaur Lightbot	Use computers/technology to complete a piece of homework from another subject.

Maths
Statistics, position and direction and problem solving
Continue your maths work by: <ul style="list-style-type: none"> - Measuring height, weight, capacity and temperature. - Practise adding and subtraction 2-digit numbers. - Practise reading the time on an analogue clock to the nearest 5 minutes. - 2, 5 and 10 times tables- remember TT Rock Stars to rehearse!
